HOW TO EAT A HANDROLL:

THE ART OF THE HANDROLL:

At Matsunori, each handroll is portioned with a very generous fish to rice ratio. Unlike traditional maki which is 90% rice, we really want you to taste the freshness of the fish we offer. We highly encourage you to use your hands.

1) HOLD:

Pick up the handroll by the nori (seaweed) side, ensuring you have a good grip without squeezing too hard. You can roll it like a cigar for a better grip.

.....

2) DIP:

Lightly dip the open end in our house made soy sauce if you'd like, but be careful not to soak the nori too much.

.....

3) EAT:

Eat upon delivery to ensure the nori stays crispy. Take large bites, savoring the combination of flavors and textures in each bite.
